I have the opportunity to put into practice my professional qualities and skills in PARTTEAM GROUP, company being awarded in 2011/2012 with the global award for innovative companies and products (European Seal of Excellence)

PARTTEAM GROUP headquartered in Vila Nova de Famalicão (Portugal), with a network of authorized and exclusive distributors in about 14 countries and implemented projects in over 35 international markets .

In PARTTEAM GROUP I am associated with the launch of international brand OEMKIOSKS™ - Digital Kiosks for the world , QMAGINE brand - Digital Signage & Queue Management Systems, and the range of multimedia kiosks and digital billboards NOMYU™

Recently created "PARTTEAM DREAMLAB" concept where research and experimentation are part of everyday life in this division , always oriented to interactivity and interaction man - machine.

In the past I was Sales and Tech Director of companies like SED and Betronic.

I was awarded the prize "PORTUGUES DE VALOR" (Portuguese entrepreneur personality) in 2011.

I was awarded with the "HEROIS PME" prize in 2017.

From very early on i am connected to various projects in the area of Interactivity, Marketing, Information Technology and Communications , as well as having developed and published several articles on these topics.

I am a creative, innovative and open minded person... married and a father proud of two fantastic sons.

My life MOTTO: that the principal is always the principal
